

## EQ7 Supply List

### Taking an EQ Class?

**EQ7 requires a connection to the Internet to validate the license periodically.**

These 2 steps are all you need to validate your license. It's quick and easy and it will help you be more prepared for your class.

Do this before you go to class:

1. Connect to the Internet.
2. Open EQ7.

If you do not own EQ7 then you can get a free trial version of the software for a two-week trial. Please contact Geri prior to the class to get instructions at [gb@geribeam.com](mailto:gb@geribeam.com)

### Student Supplies bring to class

- Laptop computer with EQ7 installed and working
- Paper and pencil or pen for note taking

### Optional

- Photos on laptop – in a folder where you know how to find them
